EPC GROUP

IDEAS INSIDE 

CHALLENGE OUTSIDE – IDEAS INSIDE

EPC Group is an international group of companies specialized in process technology licensing, as well as in planning and constructing infrastructure projects and industrial plants. The business activities of EPC Group are focused on chemicals, fine chemicals and pharmaceuticals, polymers and fibers, technical gases, biotechnologies and renewable energies. It was founded and is still managed by the Henkel family, which can look back on over 145 years of engineering tradition. Currently the group is represented by more than 300 qualified employees at eight locations in Germany.

From process development to planning and implementation, maintenance and modernization, EPC Group builds state-of-the-art systems to meet the world's technical, economical and environmental challenges – staying true to its motto: „Ideas Inside“.
